

**BUFF SHIBA INU
WHITEPAPER**

World's Strong Community Token

Buff Shiba Inu a community-driven token that empowers small and non-private investors to build stronger portfolios. The Shiba Inu Buff is a Buff version of the Shiba Inu.

Shiba Inu buff is very hyper deflation with 50% burn on Launch. With the help of a very strong community, community-produced memes and of course a little marketing, besides that \$BUFFSHIBA has a mission to save animals and a small part of the developer's profits will be donated to save animals.
